Maine Taxpayer Bill of Rights Fact of the Day: The Rankings Say It All, Part 3

On November 7, voters in Maine will be given the opportunity to vote on the Taxpayer Bill of Rights, which would limit increases in state and local government spending to the rate of inflation plus population growth and would require voter approval for all tax and fee increases.

Maine has become a state notorious for low incomes and a poor job climate.

Maine ranks:

3rd in highest health insurance rates in the nation*

The Maine Taxpayer Bill of Rights offers Mainers the opportunity to stop tax increases and out of control spending, an action that will create an environment for greater economic growth and job creation.

Vote YES on November 7th!
