SENATORS TAXING SOCIAL SECURITY BENEFITS

Americans for Tax Reform (ATR) fully supports the Bunning amendment to repeal the Clinton-Gore tax on Social Security benefits.

The 1993 Clinton tax increase levied on Social Security was an attack on senior citizens and workers. Worker payroll contributions finance Social Security benefits. Yet the benefits that senior citizens receive are again taxed-a second time-if these citizens have incomes above a threshold amount. This is an unjust form of double taxation and it must be eliminated.

**A vote against the Bunning amendment is
vote against every senior citizen in America.**
