Amount Obama's Carbon Tax Keeps Out of Every American Family's Bank Account Every Single Month **\$258.96**

Despite Obama's promise to not raise taxes on those making less than \$250k/year - his true wishes are to increase taxes on every American family by as much as \$10,000 per year. Obama proposed a \$3,100 tax per year on all families in a carbon tax and another \$7,000 per year to pay for all of his other energy plans in his FY2010 budget. Numbers don't lie - Obama WILL RAISE YOUR TAXES! Visit www.ATR.org for more information!
