Dear Members,

We the undersigned conservative organizations and individuals write to oppose a vote on the motion to vacate the chair or any effort in which Republican lawmakers would vote with Democrats to remove Speaker Johnson.

Maintaining the Republican House majority is vital to any organization or individual focused on advancing conservative policy priorities and delivering wins on the Reagan-Trump agenda. We are just one House seat away from united Democrat rule in Washington and an unchecked return to the disastrous policies of the Biden administration. This cannot be allowed to happen.

Vacating a Republican Speaker distracts and undermines all progress on conservative issues while weakening the Republican majority in the House.

We therefore urge you to reject any vote on a motion to vacate the chair.
